

Project	Agency/Department	Category	Goal	Planned Cost	Objective
REAL ID	BT&H/Dept of Motor Vehicles	Licensing	Improve Access to Government Services	\$35,103,878	This project will enable the DMV to begin meeting the federal requirements of the Real ID Act. Specifically, the DMV will expand its current driver license (DL)/identification system name field and enhance its system testing capabilities by expanding the current DL system testing environment to mirror the changes to the production environment and increasing DL system test staffing to support the enhanced infrastructure. Additionally, the DMV will move appropriate business transactions to the Internet through the use of commercial-off-the-shelf web site infrastructure products combined with custom-developed web services.
Automated License Data System (ALDS)	Resources/Dept of Fish and Game	Licensing	Improve Access to Government Services	\$27,501,166	This project will provide an on-line relational database management system supporting point-of-sale terminals at 1,600 license agent locations, and the ability to purchase hunting and fishing licenses and permits by the public via the Internet. The system will facilitate the timely capture of license and permit revenues, provide an integrated information system supporting improved Department of Fish and Game (DFG) program management and customer service, and allow the DFG to meet federal and state mandates not possible under the current system.

iLicensing System	State & Consumer Svcs/Dept of Consumer Affairs-Regulatory Bds	Licensing	Improve Access to Government Services	\$14,763,862	This project will improve public service by providing a system for applicants and licensees to submit initial and renewal license applications and payments through the Internet, and to print receipts, request duplicate licenses, submit changes to licensee information, and obtain information on the status of their request. iLicensing will streamline and automate the DCA's licensing and cashiering processes, improve management information and reporting, and facilitate the coordination of licensing and enforcement activities by making more information accessible throughout the DCA.
Electronic Exams Project (EEP)	BT&H/Dept of Real Estate	Licensing	Improve Access to Government Services	\$4,673,748	This project will replace the DRE's current on-site, manual, salesperson and broker real estate exam processes with new automated, electronic exam processes. This project will result in applicants receiving Real Estate licenses in less than 2 months instead of waiting 2.5 to 4 months. In addition, it will cost less to administer on-site exams.
